Age Range: 4 - 7 years

Grade Level: Preschool - 2

Customer Reviews

Stan and Jan Berenstain introduced the first Berenstain Bear books in 1962. Mike Berenstain grew up watching his parents work together to write about and draw these lovable bears. Eventually he started drawing and writing about them too. Although Stan died in 2005, and Jan in 2012, Mike continues to create the delightful Bear adventures from his studio in Pennsylvania, in an area that looks much like the sunny dirt road deep in Bear Country.

So I was looking for a good Easter story to read to my children. This book was more for K who is 9 rather than A who is 3. I didn't realize that the Berenstain books had some religion in them, I grew up reading these books and have never seen this in a story before. That did not turn me away from it as I wanted K to learn what Easter was really about but in a way that he would understand. This

was perfect for that because Easter is just not about candy it is about Jesus and him raising from the dead three days later. This book did a wonderful job with describing the meaning of Easter and K had a few questions but not too many. Now it says there is a sticker set with this book I bought the ebook and there was no sticker set included so do not expect that with the ebook but more for the paperback. Now if you are not big into religion then this book will not be for you, if you are introducing your child/ren or are big into religion and want something read this will be good for you. K's questions and answers. Did you like the story? "Yes I did" Did you understand the story being told? "Yes it was about Jesus and not having candy." Would you read this book again? "Yes only at Easter." Would you recommend this book to your friends? "I think my friends would like this because they can learn about Jesus."

I was looking for a book to explain Easter to my 4 and 5 year old. They have had very little time in the church but I wanted them to know why we really celebrate Easter. This book was perfect. It starts out talking about Easter eggs and candy but then explains the real story about Easter. It was not too complicated for my kids to understand but yet did a thorough explanation. This is a great buy for those who are christian but are unable to take their children to church.

Perfect to tell the story of Easter!

I swear the spelling of this changed. I don't care what other people think or say. Also, when did they get Religious? over protective and preachy yeah, but I'm having a hard time wrapping my head around a "God/Bear". I'm pretty sure Leonardo DiCaprio would be very unnerved at the idea of a Bear that rose from the dead. Granted it would be to save all the little woodland creatures from a fiery hellish torment. But who would want to deal with Jesus Bear? This world is so confusing.

Brother, Sister and Honey Bear are dreaming/thinking/focused on all the different types of Easter candy even in Sunday school. When 'challenged' by the teacher to tell the rest of the class what else Easter is about there is a lot of head scratching! All they come up with are the words, "Bible Stuff"! It's time to learn some more! First step is to go to the class next door to watch the play The Easter Story. Yes, this book is Christian based providing the true account of the first Easter when Jesus died on the cross and rose again. Yes, it is scans of the original paperback book so five of the pages have double text showing the original text in the picture along with the separate, readable text. This book is VERY readable on the Kindle as the text has been typed in separately from the

images. I'm just guessing that some of the original picture book texts could not be cropped enough so had to be left in. At the end of the book there are some activities and questions. Great book for those who enjoy the Berenstain Bears and want their children to grasp the true meaning of Easter. Thanks, Liz

I gave this to my two year old for Easter and she loves it. By far her favorite thing was the stickers that were included, definitely an awesome extra! The Berenstain Bears were one of my favorites as a child and I can't wait to continue sharing this love with my girls!

Great book, storyline, and price for a classic Berenstain Bear book!

Fast delivery, book is just as I expected it would be.
