Her Cocky Doctors (A MFM Menage Romance) (The Cocky Series Book 1)

Synopsis

I'm going to destroy these cocky doctors. In the town of Goat, Oregon, the two gorgeous doctors who run the Clinic of Love don't just provide medical care. Nope. These doctors are notorious for their bedside manner, if you know what I mean. Women come in desperate for a good time, and leave extra-satisfied. Not me. I'm a reporter. Doctors like Declan Wilde and Blake Thorpe give the entire medical profession a bad name, and I'm determined to expose them. Even if their washboard abs cause my girl-bits to spontaneously combust. Even if I really want to make an appointment with them, and I would love a special treatment of my own. This story is going to get written. I will destroy these cocky doctors. Her Cocky Doctors is a standalone MFM menage romance that is all about the woman. No cheating, no cliffhangers, and of course, Happily-ever-after guaranteed!

Customer Reviews

Goat Oregon is an interesting little town, it has an eclectic group of residents and some are downright quirky. I have a feeling it's exactly why the Doctors opened the Clinic of Love there. I enjoy Tara's books, they are hot quick reads that can be read in an afternoon and this book was no

different. The chemistry is great between Blake, Lana, and Declan. From the very beginning I was drawn in and it didn't let up until the very last page. It was fun watching Declan and Blake cross things off of Lana's Sex Bucket List, yep you read that right Lana went to Goat with a Sex Bucket List and the good doctors were all for getting as much of her list accomplished as they could. If you are looking for a quick steamy read I recommend you grabbing a copy of this book, you won't be disappointed.

The Queen of menace does it again! Tara Crescent gave us not only a sexy hot read but a funny book as well. I always know when I pop open one of her books that I will be getting smexy tale usually with a quirky side of humor. This one is based in a town called Goat, Oregon and some of the business names had me laughing out loud. I loved the menace trio, Lana, Blake and DeClan. I would love more books based in this quirky town..hint hint. Grab a copy ... And See if the Doctors are In

Ok, why do I like this short character driven romance when I don't like others? Tara's writing style just draws you in. Lana is smart and somewhat inexperienced. She has been focused on her career. Blake and Declan have also been focused on their careers, not usually in the same country. They've missed their friendship and stability. Can they make more than a vacation fling with Lana? Will their secrets ruin everything.

This is such a refreshing "HOT" romance story. Yes, it's a menage, but it is also cute, funny, witty, sweet...I love it. The characters are all great! I would love to hear Elvira's story (that's the Great Aunt) she sounds like quite the character. Happy Reading:)

Tara Crescent is a master of storytelling. I could not put this down until I finished it. Loved the interaction between the characters. There is no cliffhanger and a HEA.

The town of Goat is an interesting place with a LOT of interesting characters. I loved this story. The passion was sizzling but it built the relationship as well.

Fast moving, it kept me riveted. Read it straight through and loved every minute of it. Moving on to the Dirty series.

This book was fun! The characters were believable and likeable! I look forward to reading more!
