# Pets And The Afterlife: How Pets Communicate From The Other Side And More

## Synopsis

To lose a pet means to lose a child. The love we share with our pets never dies, and the author proves our pets do communicate with us from the other side. Learn how dogs, cats, horses and some birds have the intelligence and ability to send signs to the living after they pass. Take comfort in knowing our pets are around us from time to time and recognize the signs they give. Learn how they wait for us when itâ€™s our time, what a petâ€™s ashes can do, and the difference between ghosts and spirits. Learn how and why living pets can sense entities. Follow one of the author's dogs on a ghost investigation. Read how spirits of the author's 2 dogs and dogs from three other mediums communicated with them from the other side. Read about spirit cats and how a ghostly dog rescued a girl. The author also volunteers for Dachshund and Weimaraner rescues and has several dogs.
