CAMBODIA - Solo & Single Adventure

Synopsis

This is a genuine book with no sugar coating as though seen through a panoramic lens of bewilderment and wonderment. Cambodia, Solo & Single Adventure tells of the first-hand experiences of Wayne Freeman as he explores the other side of a country, the side the glossy brochures don't tell you about. However they should tell you, because this book takes the time to explore and relate what nobody else bothers to. It tells you how to make the most of local culture and local people. It tells you how make just the smallest difference in the lives of others as you pass through. It is also a book about what a single man can get up to when abroad, but not in a way you might expect. Read about the first weeks spent in the "Wild, Wild West of Asia" as a solo traveller and single white male. The feelings felt while being a visitor to a country with such a recent traumatic past. Of course being a solo traveller doesn't mean there weren't encounters of an adult nature with an adorable bar girl that only knew a few words in English; freelance girlfriends looking for money or marriage, and even magical nights with a sweet endearing no touch virgin girl that helped with understanding Cambodian culture and language. Add to that a frightening event in a Siem Reap massage parlour with four girls (the only happy ending was making it out) and there are a couple of stories that will make you laugh. Throw in some no nonsense tips on safety, picking reasonable hotels, local travel options, basic language, solo traveling pitfalls and benefits and for the price of a coffee it will have you thinking about that dream trip. Go on take a great big relentless smile and this awesome eBook.... have the time of your life in Cambodia.

Customer Reviews

This is the 2nd book of Whine's I read and I look forward to more ,He nails it , I admire his candor ,humility and general take on life. I doubt I could go wrong following his advise.. I felt (and wished) I was there. Mike / Queens , NY

Actually the book was pretty well written and entertaining, but the stupidity of the guys featured in the story was so bad all I could was shake my head and be confirmed of what I often see in Thailand, Cambodia and Vietnam. Still buy it entertaining it is

Reads likeminded a travel journal than guidebook but that's what makes it so entertaining. Also filled with some good helpful tips and covers Phnom Penh, Siam Reap (Ankgor Wat) and the beach. Very enjoyable quick read and priced right
