He reads it!

Great

In Greek religion and mythology, Pan is the god of the wild, shepherds and flocks, nature of mountain wilds and rustic music, and companion of the nymphs. His name originates within the Ancient Greek language, from the word pain meaning "to pasture"

This is the perfect beginners study Bible. The only negative is the idiotic font used to identify the names of each book of the Bible on each page. This makes it very hard to conduct any type of speed drills in finding text in a timely fashion. Excellent notes and reference points for simple studying.

So helpful for the young believers. Filled with insight and background information to help them understand the bible. My son has been able to read and comprehend the bible finally. When others

see it, they want it because it is easy to read.

We were very disappointed to discover that this Bible is missing a number of pages throughout the New Testament, including some from the book of James and the books of 1 and 2 Thessalonians.
