The Light And The Glory For Young Readers: 1492-1787 (Discovering God's Plan For America)

Synopsis

From the very beginning it would seem that God had a plan for America. From its discovery by Europeans to its settlement, from the Revolution to Manifest Destiny, from the stirrings of civil unrest to civil war, America was on a path. In our pluralistic world, when textbooks are being rewritten in ways that obscure the JudeoChristian beginnings of our country, the books in the Discovering God's Plan for America series help ground young readers in a distinctly evangelical way of understanding early American history. As young readers look at their nation's development from God's point of view, they will begin to have a clearer idea of how much we owe to a very few and how much is still at stake. These engaging books bring history alive in a way that will inspire young people to do their important part in shaping this nation into the future.

Customer Reviews

The Light and the Glory for Young Readers leads children ages 9 to 12 on a journey of surprising discoveries about how God worked through the founders of America to establish this nation. From the first sighting of land to the devout Pilgrims and Puritans to the Revolutionary War, it would seem God had a plan. Young readers will love learning about the history of this great nation. Study questions and answers for each chapter and a glossary of terms are included. Peter Marshall

(1940-2010), a graduate of Yale University and Princeton Theological Seminary, was a nationally recognized speaker on America's Christian heritage. David Manuel is the author or coauthor of several books, including *Like a Mighty River* and *The Jesus Factor*. He is a graduate of Yale University and lives in Massachusetts. Anna Wilson Fishel trained in law and was involved in government work. She is a published adapter and author of books for children and young adults.

Peter Marshall (1940-2010), a graduate of Yale University and Princeton Theological Seminary, was a nationally recognized speaker on Christian growth and maturity and on America's Christian heritage. David Manuel (1936-2013), a graduate of Yale University, was the author or coauthor of several books, including *Like a Mighty River* and *The Jesus Factor*. Anna Wilson Fishel trained in law and was involved in government work. She is a published adapter and author of books for children and young adults.

My kindergartener loves history and has enjoyed listening to me read this book. It does contain some information that I felt was too graphic for him at this age, so I skipped over those parts. (The book is rated for older kids, so the content is probably appropriate for them.) I've read the original version of the *The Light and the Glory* which was written for adults and it is also a wonderful book.

This book attempts to demonstrate that God had/has a plan for our nation, and how He has worked providentially in our history. I have never read a book before that so purposefully tries to set forth history as His (God's) story - reminiscent of Diana Waring's cds. My first grader and I are enjoying it very much.

Interesting facts in biblical perspective

These are outstanding books, and we had loaned and lost track of our Young Readers versions. This is a nice job of publishing the material. I bought all three in the series for our homeschooled grandchildren.

Good quick read to cover the various groups who first settled in America, i.e., in Virginia and then Plymouth and how they lived out or did not live out their Christian principles. Another book to remind us of our Christian heritage in America that others are determined to obliterate from our history

Great stuff!

This is exciting and I didn't want to put it down! It told of the many miracles that happened during the building of America. If anyone doesn't believe that we were founded as a Christian nation, read this!

It was a good easy read and pretty interesting
