I have a collection of maps for every place I travel. This is the best one for Bermuda now that the map by Brian Horsfield is out of print (The Bermuda Islands, 1996). Another excellent one is The Bermuda Pullout Map produced by the Ministry of Works and Engineering in 2003. I have visited Bermuda every year since 1997. I highly recommend this map for excellent quality of paper and visual display.

This map is so old, out of date. Incredible they have the guts to sell this and call it a guide.
