The British Virgin Islands: A Photographic Portrait

Synopsis

However you see yourself in the British Virgin Islands, sailing up the Sir Francis Drake Channel from Tortola to Virgin Gorda, reveling in the island protected waters and fresh trade winds; relaxing on a quintessential white sand beach fringed with palm trees or snorkeling over living coral reefs; you'll collect images that will stay with you a lifetime. So enjoy these images of a collection of small islands that live in a vast blue sea, produced by a talented photographer that has lived and worked in the BVI for many years.

Book Information

Hardcover: 128 pages

Customer Reviews

Amy Ullrich is managing editor of SAIL Magazine, the largest circulation sailing magazine in the world. In that capacity, she over-sees SAIL's charter coverage, is a frequent and enthusiastic visitor to the islands, and has written numerous articles on sailing in the Caribbean.

One of the best photographic books on the BVI. Professional photos that really capture the island.

Love it!

Great Book

The book is OK. It gives you a fair overview of BVI, but it does not capture the feeling of being there (well, I guess no picture can do this).
