# À Vous!: The Global French Experience, Enhanced (World Languages)

## **Synopsis**

À VOUS! is a complete introductory French program that makes learning French easier through its flexible and accessible approach. Now in its second edition, this innovative book integrates the best aspects of theories in second-language acquisition and focuses on the skills crucial to the learning and use of a foreign language in order to provide readers with a comprehensive introduction to French language and culture. The program incorporates high-frequency vocabulary that is of interest to today's readers, grammar explanations that are complete and comprehensible, a focus on all skills, task-based activities, and high-interest cultural topics that invite cross-cultural comparisons. The new, enhanced second edition of À VOUS! offers streamlined, visually enhanced grammar presentations, updated study tools, and optional access to the iLrn Heinle Learning, which includes an updated eBook, 40 new video-based pronunciation tutorials, 20 new culture videos, additional practice activities, and more!

## **Book Information**

## **Customer Reviews**

"The activities in this text would be easy to fold into a typical classroom. Some lend themselves to instructor presentation, others allow students to talk to each other to produce meaningful language, still others would appeal to visual learners or those working on better listening comprehension. I think the shear variety of activities make this a very inclusive text, one that is adaptable to several specific classroom situations." "I think the topics are engaging. I really like the way students are

required to read the text in French, but then the comprehension questions are in English. Mixing the 2 languages easily makes the process of learning less stressful for students.""**À VOUS!** is a well structured textbook with a very good sequence, variety of exercises, activities for the 4 communicative skills and lots of resources for the student and the instructor."

Veronique Anover, a native of France, has been teaching French grammar, civilization, culture, and contemporary literature for more than 15 years. Dr. Anover also teaches Spanish grammar and Peninsular literature. Her areas of expertise are contemporary French and Spanish women writers and Second Language Acquisition. Her previous experience in textbook publishing is **PLAZAS**, Fourth Edition, Student Activity Manual and **VIAJES**, Second Edition, Student Activity Manual. Dr. Anover currently teaches French and Spanish language and Peninsular literature at California State University, San Marcos. Theresa A. Antes has been teaching French and Applied Linguistics for more than 15 years. She specializes in Second Language Acquisition, and regularly teaches courses in SLA and in foreign language methodology. Her current research focuses on the use of acquisition of lexicon by second language learners. She has directed the first-year French program at the University of Florida for more than eight years and was Director of Elementary French at Wayne State University prior to that. In addition to **À VOUS!** Dr. Antes has published a book on French Linguistics with Yale University Press. She currently teaches courses in French and Linguistics at the University of Florida.

The book arrived by timely method, but I felt bad that the seller went to extra expense (more than what I paid for). It is in perfect condition and included the disk which was a pleasant and useful surprise. Although it was outrageously expensive, it is an excellent book. I'm 77 years old, retired and only auditing the class so wonder how today's students are able to afford college courses at all!! But where the book is concerned, I'm well pleased with the purchase and thank the seller.

I'm in French 1 and find this book to be really helpful. You can't just pick it up and start learning from it though, so I wouldn't recommend buying it without having a teacher. The online iLrn subscription really helps with pronunciations. I'd recommend subscribing for the semester even if your teacher doesn't require it. It's really helpful and gives you lots of practice.

It was good. I ended up needing it.

I bought this book because I needed it for class, I also needed the book code that I thought went with the unopened book...That is not the case. I am really upset because now I do not have the money for another book access code (which is \$80-\$150). This should have been advertised and I am really not happy with this product because of it. Kind of got screwed over for my grade.

This text presents some good cultural readings, with some exceptions that contain over-generalizing and stereotyping. The grammar presentations are straightforward and usually clear. However, there are so many typographical and other errors in both the text (2nd edition enhanced) and the online workbook that it becomes more frustrating than useful for both the student and the instructor.
