Diary Of A Minecraft Ing Steve: Zombies Don't Eat Chicken (unofficial Funny Minecraft Comic) (Minecraft Books Book 1)

Synopsis

â€¦ Read this illustrated short story for FREE on Kindle unlimited - Download Now! â€¦ Minecraft Steve arrives in a new village where everyone thinks he is a hero, but why doesn't he feel like one? Minecraft Steve arrives in a new village and it's everything he hopes it will be. He wants to be a builder, and this village needs building! What's more everyone looks up to Steve as he doesn't appear to be afraid of anything, although deep down Steve knows this isn't true. He's actually afraid of many things, especially zombies! This doesn't concern him very much until he learns that a bunch of zombies may have kidnapped his friend. Can Steve find the courage to overcome his fears, or will he lose his friend forever? Read this engaging illustrated short story to find out! ACT NOW! Click the orange BUY button at the top of this page! Soon, you will be reading Diary Of A Minecrafting Steve â€” Zombies Don't Eat Chicken from the comfort of your own home!

Customer Reviews

I love, I love!!!! I always buy minecraft book for my son and always read them before he does and

we do share how we find the book. From my son and I, the book is fun, captivating, interesting and fun to read. When you start reading it you don't want to stop till the end. The event of every day of Steve unfold well and flow well and thus great story line. I will definitely read this book again in the nearby future. Highly recommend this book to all the youngsters and all young at heart who want to be entertained.

I really like this book. It is, as if someone is talking to me directly. Telling me how's his day going. I really love it and I am having fun reading this in early evening. I have a good laughed with day 4 where people don't know what stair and second floor is. The best part is when he finally got what he wants just by showing off his talent to the village people. Day 5 is when he finally realized what Mr. Mayor meant by saying, "Let's get started" was that he should get started. No one in the whole village knew how to build. He should teach some of the guys in the village. Oh well, they are all afraid of heights! Poor Minecraft Steve. Though they don't like being on the top looking down, but they really liked being at the bottom looking up! Which is great! I like how it ends with a lesson and a possible love life for Steve. I know that more books and more readers will be following your books. It's very interesting, lots of fun and it also has a lesson of friendship and facing our fears in life. I highly recommend this book to anyone.

This minecraft book is very interesting and funny. Definitely you get more than the price. Very funny with cool jokes plus you can get it for free with kindle unlimited. This book is a real comedy for kids but could be frustrating for minecraft experts. I am really surprised how he could survive for this long. Wonderful Book for kids!!

This book is amazing! You really are a great writer! I found this book the day it came out and i read it. I know that this book is one of the best minecraft series/authors around, and that it is not like some of the other terrible ones that were just randomly written. The book was amazing thank so much to the author!

This is my first time to read this book and I found it very interesting about the story of Steve. I like the way how Steve wrote his Journal his is so open about what was happened to his daily lives. I remembered my past colleague she always wrote Journal about his unforgettable moments. and me as her friend I adopt also to wrote my journal and I found it helpful and fun. This book illustrated short stories the friendly creeper is a bit of an outcast. all what Steve wants is make friends. You'll

have fun to read this book. I highly recommend this.

Reading this book is really interesting for me and for my kid. The story was good and funny which will leave you laughing from start to finish. The main reason why I let my kid read this kind of story is because of the lesson left at the end of each story which enriches our kids understanding on how to do good things and be brave. The choice of words were simple which made the book really fitted for kids and for young at hearts as well (LOL). Nice book to read.

This is a comic book. If you are a fan of minecraft series, you will get a lot of fun. This book is a perfect book to spend your leisure. So you can grab it to enjoy.

Very interesting book, very nicely written. My nephew loves it. With charming illustrations and creative storytelling, this book adds another dimension to Minecraft games. Even though I am a little older, this book was fun read to me as well. I loved how he was fighting zombies and ended up helping them. Very exciting kid's story, full of twists and unexpected denouement. I would recommend this book to people of all ages.
