A professional photographer and writer for over 25 years.

Very nice book-great service Thank you

Great book good condition.

The author is apparently a professional photographer, who must stay with relatives, regularly, on the island, to get these pictures. Wow. Disney tends to turn stories into art pieces. This book makes the island look magical. It's all about light, of course, and this author really seems to understand light. Coffee table books are fun, this one stands out among them. Really great photography. Much better than just postcards, real art, that inspires.
