The Complete Book Of Classic Chevrolet Muscle Cars: 1955-1974 (Complete Book Series)

Synopsis

Chevrolet didn't invent the overhead-valve pushrod V-8 engine, but without question Ed Cole and company perfected it. And General Motors' Bowtie division wasn't the first to put the engine design in a production car, but it was the first to put the engine design in an affordable production car and make it available to the average driver. No other automobile in history so clearly demarcates a before-and-after line in the sand like the 1955 Chevrolet. This was the birth of the affordable performance car, and from the moment the car hit the streets, the experience of driving would never be the same. The impact that an affordable American sedan with a powerful performance engine had on American society was so great that it not only changed the experience of driving; it changed the psychology of a generation. Prior to the introduction of the 1955 Chevrolet with its V-8 engine, cars had been considered necessary appliances, like refrigerators or vacuum cleaners. With a single stroke, Chevrolet turned American culture into a car culture. Chevrolet dominated the muscle-car scene throughout the classic era. The Impala SS, with its 409 engine popularized by the Beach Boys, ruled America's drag strips. The Z16 Chevelle Malibu SS396 became the every man's muscle car. The Camaro turned the pony car genre into genuine muscle cars. The LS6 engine was the most powerful of the classic era. *The Complete Book of Classic Chevrolet Muscle Cars: 1955-1974* chronicles the all-conquering cars of this incredible 20-year period.

Book Information

Series: Complete Book Series

Hardcover: 176 pages

Publisher: Motorbooks (May 12, 2017)

Language: English

ISBN-10: 076035233X

ISBN-13: 978-0760352335

Product Dimensions: 9.5 x 0.8 x 11.2 inches

Shipping Weight: 2.5 pounds (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars 2 customer reviews

Best Sellers Rank: #77,944 in Books (See Top 100 in Books) #9 in Books > Engineering & Transportation > Automotive > Classic Cars #11 in Books > Engineering & Transportation > Automotive > History #11 in Books > Arts & Photography > Vehicle Pictorials > Automotive

Customer Reviews

Mike Mueller has worked as a freelance automotive photojournalist since 1991. A lifetime car

enthusiast, Mueller has written and photographed more than 25 automotive and truck history books and contributed photography to at least that many more. Among his long list of titles are Motorbooks' Chevy Chevelle 50 Years, The Complete Book of Corvette, The Complete Book of Classic Dodge and Plymouth Muscle, and The Complete Book of Ford Mustang.

awesome...some pictures I have seen in other books but great chevy history

The Complete Book of Classic Chevrolet Muscle Cars Once Again Mike Mueller has done a stellar job of writing a book this time compiling Beautiful Chevy Muscle cars, covering Chevelles, Chevy II/Novas, El Caminos, and Ponycars like the Camaro. With Copo, Yenko, Harrell cars covered. Options, production numbers. Beautiful color photography along with the in-depth research and entertaining prose the author is known for. In a classy put-together book. I enjoyed it and I am glad it's part of my collection!
