Head, Shoulders, Knees And Toes/Cabeza, Hombros, Piernas, Pies (Dual Language Baby Board Books-English/Spanish) (Spanish Edition)

Synopsis

This award winning series, specifically designed for babies, is now available in a smaller format, perfect for little hands. A great introduction to books through well-known nursery rhymes and interactive text. Singing songs and rhymes is the perfect way to bond with your baby and share quality time. It also aids language development by introducing them to the natural sounds and patterns of speech. Combining these with actions also stimulates the brain and helps muscle development. Dual Language English/Spanish to aid bilingual learners. Please note: The Spanish translation of this rhyme is not a literal translation of the English text. It is based on the well-known song Spanish version, and uses the word "piernas" instead of "rodillas."

Book Information

Age Range: 1 - 3 years

Grade Level: Preschool and up

Customer Reviews

I'm teaching my granddaughter Spanish and I love this song. However, "piernas" are not "knees," but "legs" and "pies" are not "toes", but "feet". I wish they'd clarify the translation somewhere. I understand why it suits the song better to say "piernas" instead of "rodillas" and "pies" instead of "dedos de los pies." I'd buy this book for ANY baby though. Very cute!

The book is really cute and I think it would be perfect for kids to learn, HOWEVER it has major typos!Knees is translated in Spanish as "Piernas", which actually translates to Legs. The actual

translation for the word Knees is RODILLAS. Same with the word Toes, is translated as "Pies", but that word in Spanish actually means Feet. Such a cute book and such a poor translation. Thumbs down!

Annually we participate in the Christmas Adopt a Family. Books was what the mother had requested for the baby, so I can't say more than I like it, hoping that they baby gets enjoyment when it is read to him/her!

Baby loves this book!! I touch him when I say the word - it's the cutest thing, when I first pick up the book he will hold really still in anticipation. Lol I also give him infant massages 3x/week - this baby just loves to be touched.

Who doesn't love: head and shoulders, knees and toes? The book is cute and I know it's going to be fun time between parent and baby. A Spanish speaking parent is going to know that knees are not "piernas" -- they are "rodillas" and toes are not "pies" -- they are "dedos" ... but I get it, we are reading to a baby and some words are easier for now. I feel bad because the parent I am giving this to doesn't speak a word of Spanish and she's going to go around learning "close enough" words. But, I still like the book, so I'll knock one star off.

Cute little book for my Great Grandkids. Just love it. Thank you

This book is cute! It is exactly what the book says it is. It is small which is easy for a child to hold. The illustrations are really cute too. I only give this book three stars because it is just a basic learn the body parts book!

Bought this to sing and read to my 4 month old. She goes to a bilingual daycare so I wanted to have some books on hand at home that are bilingual too. She enjoys the pictures and my singing the words to her often tins squealing as a 5 month old will in excitement. It's a book for babies. It's got cute illustrations with babies in it and it's in two languages. Nothing more needs to be said about it.
