Established 1950 and still going strong! Almost one thousand albums!!

I have a few complaints about this product, although it wasn't too terrible for the price of \$19.99. (It was \$39.99, but got reduced) It's not really a book, it's a flimsy folder that contains 2 cds and inside a booklet of sheet music. Also, it doesn't contain the violin or cello parts. Why would they sell a piano trio that doesn't contain the violin or cello parts? Do those come separately? The cd quality is not that great. The performers are good, but the instrument's sounds (particularly the scratchy cello) are rather bad. Maybe it was their recording devices. Other than that, I love this trio, and I will play it using this sheet music, until I find a better one for a good price.
