The Protector (Men Of The North Book 1)

Synopsis

400 years in the future, men are few and women rule the world. Except for the area formerly known as Canada and Alaska, which is inhabited by the Men of the Northlands, a group of strong men, who refuse to be ruled by women. Christina Sanders, an archeologist and professor in history, is fascinated with the past. As a modern woman of year 2437 she knows that women are better off without men, but longing for an adventure, she makes a spontaneous decision and volunteers for a job no one else wants. Now she's going to lead an archeological excavation in the Northlands, the most secluded place on earth where the mythical males live who are rumored to be as brutal and dangerous as the men Christina has read about in her history books. What will happen when Christina crosses into the men's territory? Will they allow her to do her job and is there any way they'll let her leave again unharmed? *The Protector* is the first book in Elin Peer's new romantic drama series *Men of the North*. Don't pick up this book unless you're prepared to be sucked in and forget about time and place. In her last two series, Elin has proven that she is a master of bringing her characters to life with strong dialogue and plot twists that will have you turning pages all night. Get *The Protector* and get transported to the future in this exciting new series today!

Customer Reviews

I absolutely enjoyed this original story. I loved how although culturally different from each other they were able to find common ground, which led to them falling in love. Highly recommend you buy it right now.

Time travel always brings a fresh perspective to the world of possibilities. How will the world look in 400 years? It is open to endless possibilities. This is one author's vision. I enjoyed it immensely.

Interesting and unique premise. It's so timely though set 400 years in a dystopian future, it very much so speaks to current events. Chauvinism vs Feminism. Recommend The Protector. ã ã ã ã

Another amazing book by Elin Peer.... Generally I'm not into sort of "futuristic" books....but Elin Peer told this story in a way that was Easy for me to grasp and thoroughly enjoy

This is a very nice start to a "new" series I discovered. The story doesn't drag, and the plot is fresh and new. I definitely will be getting the next one. Nicely written.

I think that she has a wonderful new series. Boulder and Christina are perfect together as they navigate through their new lives. They are from completely different worlds but they make it work.

I enjoyed the original storyline and couldn't put the book down. It's a good thing I was off from work today otherwise I would have been reading it while at my desk. On the book 2, The Ruler...

Elin Peer does not disappoint in this tale set 400 years in the future. I loved the book along with everything else that I've read of hers. She has an amazing talent.
