I love that the stories teach our young ones, but can entertain adults at the same time. I wish they were still making them.

Oh I love this set! My sister and I, years later, would quote various parts back and forth to each other! I'm just bummed that I can't find this particular set on cd...

This is a hilarious tape series. I bought this as well as the other collections of radio shows (More Wild times, even more wild times). My 4 kids LOVED them and we still talk in allegories to each other; don't be ungrateful like Marvy, etc. Highly recommended. They still come on radio from time to time so you can listen to one first to find out the quality for yourself.
