Customer Reviews

I have 3 or 4 of these books, and for the most part have taken us on some adventures to interesting places. However, we have also arrived at approximately 6 locations only to find them closed or moved. So I would suggest before heading out on a destination that may take you 2 or 3 hours to get there.....maybe you should phone first to see if they are still there.

Great info but didn't realize it was published so long ago.

Book was in great shape, but some of the trips are no longer there. Still great though as it was a gift to my brother who was looking for places to go around Florida.

Great Little book! We keep ours in the car for days when we are just out driving. I did not realize there are so many little out of the way places to go and see and I have lived here all my life. I have

been to the bigger attractions mentioned but it's the small out of the way places that make these books handy. We have Books 1 & 2 and will definitely get the others. AND I bought the used ones (one for .75) it's like new. I actually paid more for shipping than the 2 books. Which was kinda of crazy.

Outdated, pure and simple.

These books are a great way to see the sights of Florida. It's a great way to learn about sights we may not otherwise find out about.

nothing I did not know no need to buy

This is a very useful book to have, Many unusual places to visit. Exciting things to do that you could not find without this kind of information. Great when you have a lot of out of town visitors.
