The Secret's Out

Synopsis

Note: This novel is on the serious side compared to Lila's usual work because Josie, Pick, and Billy have had hard lives. It also contains a m/m/f relationship and a little m/m. For 18 and over! Moving to Melbourne for university, Josie Alexander knew the transition would be hard. She didn't realize just how difficult it'd be until things turned ugly. Damaged by a past that leaves her struggling with physical contact, her brave move to start afresh soon turns into a nightmare. Afraid and vulnerable, Josie's fragile independence threatens to unravel around her. That is until the two men who refuse to leave her thoughts show up in Melbourne. Caden Adams, "Pick" to his biker brethren, has had a hard life. His only light is Josie, whom he loses when she leaves Ballarat for Melbourne. Dealing with day-to-day life without his heart is hard, especially with the darkness threatening to consume him. When MC president Talon informs him that Josie's in trouble, he's determined to make sure he's there to protect her. Only he won't be doing it alone. Eli "Billy the Kid" Walker has never experienced love, not even from those who should have cared the most. Only Josie and Caden have ever come close to infiltrating his hardened heart. With Josie gone, he pushes Caden away, unwilling to take a risk, even if it's something he wants. When given with the opportunity to prove to each other how they really feel, will they all be able to have the courage to fight for what their hearts desire? Above all else, will they survive the fallout when their secret's out?

Great first book in the Hawk MC spin-off series, Caroline Springs Chapter. Josie lives in Melbourne

going to University. When trouble comes her way, Pick and Billy go to her aid. I was all jittery with excitement waiting to see if Josie would get together with one of the boys. Josie deserves to be loved. Pick definitely deserves love. But then again so does Billy the Kid. Can you guess what happens? I am so happy I didn't have to choose between Pick and Billy the Kid. Even happier that Josie didn't have to choose. She deserves happiness after the hell she has been through. If the story was all lovey dovey it would have been so boring. Thankfully Lila Rose knows shock and aw. She knows how to bring the ugliness in people to the surface. She knows how to bring people together. She knows how to bring the past back into the present and usually doesn't work out well. Now for the warning--there is M/M and M/F/M sex. I am usually not one to read that genre. However, Lila wrote a beautiful love story. Josie, Pick, and Billy expressed their love by making love. Yes, it was making love

So first off the first 3 chapters ruin the entire book. If I tried to pass that into my freshman highschool English class I would of got an F. That is not story telling. If you can't weave it into the story it has no business being there. Josie being a part of Pick and Billy's relationship was not believable. There was good chemistry between the two men but I don't believe they could love her. They have nothing in common. Dark pasts don't count when everyone has one. And the sex between the three of them was boring. And I was confused why italics were used only once for someones thoughts in the middle of book. The editor needs to be fired. This never should of gone to print.

She started out in a living hell. Rescued and given a place in a living family. Developed feelings for both. Had both in a family of their own. Tragedy strikes and I won't tell you more. Gonna have to read it. It was a great book about even the darkest of pasts can become a beautiful surprise.

I've loved all the books I've read about Hawks MC but I think this is my favourite. Not as funny & deals with quite sensitive subject matter but done in a really considerate & thoughtful way. The relationship between the three brings healing & self-acceptance. Can definitely recommend this book

OMG! Lila Rose has done it again with The Secret's Out. I love watching Jose change from a damage little girl into a very strong women with the help of too very sexy bikers Eli and Caden. Eli and Caden are true alpha males, they believe in take our the family, and their brothers at Hawk MC. And when the love they love hard. Josie is definitely their light for living. I definitely recommend this

book.

Book 1 in the Caroline Springs Charter is everything a book should be & more. Josie is missing home and because of the things that are happening to her, she is also not enjoying life or her freedom. Well that is until she is sent two heroes to handle her troubles. This is the story of Josie, Pick, and Billy. Its about love, acceptance, revenge, closure, and friendship. We also learn that there are some things in the Caroline Spring Charter that will need to be handled with the help of some of the Hawks members who still have stories that need to be told. And we are also introduced to two new characters Simone & Parker. Simone is a great friend and needs a hot biker. Parker is mysterious and I NEED His Story!!! There is a part in this book where you will need tissues, wine, Xanax, and a will to keep reading. So please be warned. I can't wait for more in this series.

I truly love this story I'm not used to sad endings by Ms. Rose, but the story was perfect!! I know it's a wonderful story when I cry, but then again I'm a big baby anyway. I look forward to reading the next book.

OMG! I am going back for more of the Hawks MC: Caroline Springs. This book was everything I look for in a good read. I lost myself in the story often finding myself reading and then next thing I know I am just drifting imaging the scene play out in my head like a movie reel, before I realize that I need to close my mouth (giggles, drool) and look around for any witnesses to my spaz attack and get back to my handy dandy Kindle to see what my badass bikers are going to do next ;-)
