A cup, a compass, a key: the magic tree house has brought siblings Annie and Jack to Camelot, where they embark on a mysterious mission to find these enigmatic gifts. In this special hardcover

addition to the bestselling Magic Tree House series, the young adventurers must travel to the Otherworld, an "ancient, enchanted land beyond the edge of the Earth, the place where all magic began" to save Camelot from dark wizard Mordred's evil spell. If they fail, Camelot will be forgotten forever. Fans of the beloved, highly readable series by Mary Pope Osborne will rise to the challenge of this longer, more complex companion to her other titles, which include Earthquake in the Early Morning and Twister on Tuesday. As in every story in the sequence, Jack and Annie bravely plunge into their quest, learning about a culture and time very far removed from their own, and prove once again that children can make a difference. With a dose of seasonal enchantment, the latest Magic Tree House installment takes readers not to a historical era, but to the legendary Round Table in Christmas in Camelot by Mary Pope Osborne, illus. by Sal Murdocca. I bought this as a Christmas gift for my 5 year old grandson. He was so surprised and happy. He had checked out this book from the Library twice, and was so happy that he had his very own copy to keep. He likes these books so much I want him to have the whole series.

My 8yr old had a book report due and it had to be on a holiday book. This book was recommended to us from a friend. My daughter absolutely loved it and asked to start collecting them all. Santa will be bring her more for Christmas:) You won't be disappointed! Even I am excited to start collecting them all.

We bought this book for our Christmas in July book exchange. My boys picked this book out because they loved it when they read it. My boys are ages 10 and 9. Magic tree house book are their favorite!

This made a wonderful Christmas gift for my 5-year-old nephew who is a big fan of the Magic Tree House series. It's the perfect non-toy gift for kids that they are sure to love and get a lot of use out of! I would highly recommend this to anyone.

My granddaughter collects these books. A nice Holiday addition to her collection.

How could we not buy a book that has our street name in the title! adorable Jack and Annie book!

We'll get this for my nephew and he loved it so I recommend it.

My [...] year old son absolutely loved this series. I had to read it to him, though. When I would stop reading for bedtime he would be so excited to know what came next he would always beg for just one more chapter. We are now rereading the books (he just turned 7). As his reading skills improve, he is beginning to pick out words and phrases as I read to him. This book was one of the Merlin series and had a more magical component to it. There are Christmas references but it is definitely not a real "Christmas" story. It can be read any time of the year. The story is about a brother and sister Jack and Annie. They have a series of clues to get to a quest which is given to them by the magician Merlin. You can read this book alone, but I would recommend reading some of the earlier ones in the series to get to know the characters.
