Customer Reviews

I've had other word cards that aren't super clear what the subject is. I think these would be great for a kid that is struggling to learn to speak (like my son). The pictures are nice and clear, and for the price these are great.

My four-year old likes this set a lot!!! I like the cards for the beautiful pictures and smart phone-like design as well as the the separation of words from pictures. I would love to get more different sets from the same company if there are any.
